**NEW ORLEANS EXCITED.**  
New Orleans, La., June 9.—Continued favorable weather throughout the cotton belt is leading to predictions of a bountiful harvest, but it is probably felt that there is still time for unfavorable conditions to change the outlook while selling for short account is held in check by the continued fear that the end of the season will be a squeeze. Cotton goods held steady but the demand was light. Yarns are firm on contract delivery and spots are fairly steady. The export market is quiet.

Boil weevils are reported in great numbers in Mississippi and Louisiana. Some crop experts wired that the Brazos river bottoms of Texas had never showed a greater number of boll weevils at this time of the year than some of the most important cotton growing sections of Mississippi are now bringing out.

**Business in Spots.**  
Liverpool, Eng., June 9.—A large business was conducted in the spot division of the cotton market today, the sales amounting to 15,000 bales, including 14,000 bales American; imports nine, September cotton advanced 2 1/2 points, midlands, 2 1/2. **COTTON.**  
Exciting Market.  
New York, N. Y., June 9.—The longs in cotton are talking sixteens with the authoritative assurance that border's on fanaticism. They are thoroughly frightened and endeavoring to get out of the predicament in every way possible but the minute any big short interests attempt to unload Patten is taken to send values soaring to dizzy heights and it is not likely they will attempt to buy themselves out right now. They will wait in the hope that improved crop conditions will build up a bearish public sentiment and permit them to ride out on the backs of outsiders, which is considered excellent riding by professionals.

Las Cruces, N. M., June 9.—At the meeting of the board of directors of the Elephant Butte Water Users' association, H. B. ## "A Continuous Performance"

Again yesterday, Wednesday, as usual, the El Paso business men used more than double the advertising in the El Paso Herald than they used in any other El Paso paper.

## Saturday's Herald

Always carries more advertising than the total amount of advertising carried in any other El Paso paper for seven days.

This exhibition of the preference of the El Paso business men for the El Paso Herald as their choice of mediums for publicity is a "continuous performance." No change in the program for several years.

Bear in mind, Mr. Business Man, that these figures refer to PAID DISPLAY and CLASSIFIED ADVERTISING of El Paso business people only.

IT DOES NOT INCLUDE CHEAP CONTRACT LEGAL ADVERTISING which is given the paper with the SMALLEST CIRCULATION, if the bid price is low enough, and GIVE AWAY STUFF.

## The Reason

El Paso business people patronize the El Paso Herald so liberally is because they KNOW that the El Paso Herald has a daily paid

## Circulation of 11,000

More than three times as great as that of any other El Paso paper and
